## **INTRODUCTION**

The successful operation of a school requires the cooperation of many people. The school must be free from disruptions, which interfere with teaching and learning activities. Students, parents/guardians, and school staff must assume a responsible role in creating a positive environment and promoting behavior that encourages learning. Enrollment at CSNC means that the students and their families will abide by our philosophy and policies.

Upon entering Charter School of New Castle, the student is responsible for his or her actions both in and out of school. Any serious violations of school policy and/or any illegal or immoral behavior may result in serious disciplinary action. The authority and responsibility for directing the activities of our school have been given to the professional staff as determined by the administration and Board of Directors.

CSNC is dedicated to the development, empowerment, and overall achievement of each of our students and families. Charter School of New Castle, therefore, will be free from disruption and safe for consistent instruction during learning activities throughout the school day. Students, families, and school staff must assume responsibility in creating a positive, nurturing environment while promoting self - correcting behavior that encourages growth, confidence, and overall development.

Students, families, and staff are encouraged to become familiar with the entire CSNC Student Code of Conduct. We want our students to practice the fundamental strategies for academic success.

## **CHAPTER I – CONDUCT AND ENVIRONMENT**

### **What is the Code of Conduct?**

The Code is an official document of Charter School of New Castle that:

- Describes a positive and safe school environment.
- Specifies the rights and responsibilities of students.
- Defines attendance responsibilities.
- Safeguards the rights of students.
- Defines conduct that disrupts a positive and productive learning environment.
- Standardizes procedures for disciplinary action.
- Incorporates the Board of Director's Policy on possession, use, and distribution of drugs and alcohol.

Provisions in the Code of Conduct apply to all students in Grades K to 8. Differences in age and maturity are considered in determining the type of disciplinary action to be taken. All students have a greater responsibility for their actions as they increase in age. This Code does not restrict the Board's legal/statutory authority to protect the health, safety, and welfare of students and staff. A copy of the Student Code of Conduct is given to each student. The Code is discussed during orientation at the beginning of each school year. Students' or by parents/guardians' questions concerning the Code should be directed to an Executive Director.

### **When is the Code in Force?**

The Code is in force

- On school property at all times.
- For each student from the time he/she leaves their place of residence on their way to school to the time he/she arrives at home after the conclusion of the school day.
- While students are on a school bus or in another vehicle operated for or by Charter School of New Castle, regardless of purpose.
- At all school-sponsored events and other activities at which school administrators have jurisdiction over students.

On any social media or web based platforms where a student is interacting with other students or making comments that have an impact on the school.

### **Out of School Conduct**

The Code of Conduct also shall apply to out-of-school conduct by a student if Charter School of New Castle Charter personnel believe that the nature of such conduct indicates that the student presents a threat to the health, safety, or welfare of other students, or to the reputation of the Charter School of New Castle. Such out-of-school conduct shall include, but is not limited to the following:

- Acts of violence or threats of violence that are punishable by law.
- Sexual offenses that are punishable by law.
- The sale, transfer, or possession of drugs that constitutes an offense punishable by law.
- Felony charges.

Additionally, an Executive Director or their designees are authorized to take administrative action when a student's misconduct while traveling to and from school has a harmful effect on other students, the community, or the orderly conduct of school business. Charter School of New Castle will be notified by the Attorney General's office and/or law enforcement whenever a student is arrested for committing a felony, even if it has nothing to do with school or has occurred off school property. When the School receives these reports, they will be reviewed. The School will take disciplinary action as outlined in the Student Code of Conduct if it is determined that the out-of-school conduct indicates the student presents a threat to the health, safety, or welfare of other students or staff. Charter School of New Castle will not wait for adjudication of said felony to proceed with alternative placement or expulsion procedures.

### **High Expectations For Classroom And School Culture**

A good school environment is best described as

- SAFE and POSITIVE.
- Providing a range of educational opportunities.
- Making the improvement of student behavior the primary goal of disciplinary action.

A good school environment also means that a friendly, yet business-like, atmosphere has been established in which students and school personnel work cooperatively toward recognized and acceptable goals. A good school environment is free from distractions, friction, and disturbances.

### **Who Establishes a Good Classroom and School Culture?**

The Code recognizes the need for a working, cooperative relationship among students, parents, and school personnel. This relationship is most productive when students and parents/guardians act as follows:

### **Expectations For Student Investment**

- Attend school and classes daily and on time.
- Be prepared for class assignments and activities.
- Attend class with appropriate working materials.
- Respect all persons and property.
- Refrain from profanity, abusive language, and inflammatory actions in personal interactions.
- Behave in a safe and responsible manner.
- Be responsible for their own work and behavior.
- Abide by the rules and regulations established by the school and individual classroom teachers.
- Seek change in an orderly and approved manner.

### **Family Investment**

The value of family involvement in school is strongly supported by research that indicates its benefits for children, parents, schools, and the community. The involvement of family has been shown to be a critical component in building an effective school-family relationship.

### **Family involvement in schools has been shown to contribute to student success, including**

- Improved student achievement, including math and reading scores.
- Higher motivation to excel in school.
- Better school attendance.
- Improved behavior at home and school.
- Better social skills and adaptation to school.

### **Family involvement in schools also has rewards for parents:**

- The opportunity to closely monitor their children's performance and to recognize and address any difficulty their child may be having in school.
- Better relationships and communication with their children's teachers.
- Having a voice in decisions that enhance the academic environment of the school and improve the educational experience.

### **Family involvement also gives schools many advantages:**

- Immediate access to parents to garner their support on school initiatives.
- Improved teacher morale.
- Higher ratings of teachers by parents, which can boost their reputation in the community.

### **Charter School of New Castle's families are expected to abide by the following:**

- Ensure their children attend school each day and report promptly; explain any absence or tardiness to the school.
- Provide their children with the resources needed to complete class-work and homework.
- Assist their children in being healthy, neat, and clean.
- Refrain from profanity, abusive language, and inflammatory actions in personal interactions.

- Bring to the attention of school authorities any problem or condition that negatively affects their child or other children of the school community.
- Discuss report cards and work assignments with their child.
- Attend Parent/Teacher conferences.
- Maintain up-to-date home, work, and emergency telephone numbers at the school.
- Seek change in an orderly and approved manner.
- **IMPORTANT: Any parent who acts in an unacceptable manner (i.e., gross disrespect, threatening, or causing disruption to the professional or academic climate) toward any staff member or student may be banned from the school for the duration of the school year. In addition, such behavior may constitute grounds for dismissal of a student from school. An Executive Director has the authority to determine when such consequences are appropriate.**

## Parent Involvement Policy

### Goal

We are dedicated to supporting the academic and social development of our students and aim to involve their families and our community in the learning process of each of our students. We believe that parent investment and involvement with our school is paramount to the success of our school and the growth of our students. We aim to involve our parents in a meaningful way through a productive partnership that promotes the best possible education for our students.

Parent involvement activities are integrated into our school model. CSNC some of those core elements are explained below.

### Regular Communication with Parents

In order to build consistent and effective communication between the home and the school and to communicate effectively and in a timely manner with parents, regular communication will include the following:

Academic Calendar	Weekly Parent Bulletins
Special Event/Reminder Notices	Interim Progress Reports and Report Cards
2 required Parent-Teacher Conferences	Family Academic Nights
School Assemblies (Parents Invited)	Vision Contracts
Annual Title 1 Meeting	
Individualized phone calls and invitations from teachers to parents	

Additionally, parents will be involved in annually reviewing the Parental Involvement Policy, the School Parent Compact, and other parent notices through our parent groups and their meetings. All associated materials are distributed to parents and made available through our main office.

In carrying out the Title I, Part A parental involvement requirements, to the extent practicable, CSNC will provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required under section 1111 of the ESEA in an understandable and uniform format and, including alternative formats upon request, and, to the extent practicable, in a language parents

### Title 1 Parent Meetings

CSNC will hold an annual Title I meeting with parents to inform them of the school's participation in

the program and to explain its requirements and parents' right to be involved. Parents will be notified via school bulletin and school blasts. The meeting will be held after school in an attempt to accommodate work schedules of our families. Parents will be encouraged to help organize, plan, and review the Title I programs for improvement purposes consistent with section 1118 of the Elementary and Secondary Education Act (ESEA).

If the school's plan for Title I, Part A, developed under section 1112 of the ESEA, is not satisfactory to the parents of CSNC the school will submit any parent comments with the plan when the school submits the plan to the Delaware Department of Education.

The school will conduct an annual evaluation of the content and effectiveness of the parent involvement policy in improving the academic quality of the school including identifying barriers to greater participation by parents in activities authorized by this section (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background). CSNC will use the findings of the evaluation to design strategies for more effective parental involvement. If necessary, the school will revise the parent policy based on these evaluations. The review of the parental involvement plan will be accomplished through the following:

- Parent group meetings
- Distribution of the school's parental involvement plan for comment via parent bulletin
  - Copies will be made available at the school upon request and will be offered in languages that are suitable for our population (if necessary).
- Annual Title 1 meeting where parents will be given the opportunity to provide feedback

### Parent Meetings

These are opportunities to help parents understand how to support their children's academic efforts & social development. They provide parents with techniques and strategies that they may utilize to improve their child's academic success and to assist their children in learning at home. The school will offer flexible meeting times for parents in order to accommodate schedules of all families.

Charter School of New Castle (CSNC) will provide professional development to assist the teachers, staff and leadership team on how to communicate with, and work with parents as equal partners.

### Homework

Homework is assigned to every student (4 -5 times per week) including short and long holiday breaks. Homework serves a number of purposes: to practice and extend classroom learning, to develop responsibility and work habits, and to provide parents and opportunity to interact with their children and their education. Parents can support the school and their child's success by helping with homework in the following ways:

- Provide a consistent, silent, and uninterrupted environment (free from TV, phone family noise, games, etc.) for your child to complete his/her homework each night.
- Make sure your child completes their homework every night checking for completion not accuracy, and encouraging your child to ask for help, then providing such support in an appropriate way.
- Help your child get organized. Remind him/her to bring home the necessary materials: binder, pencils, paper, etc.
- Show genuine interest in what your child does at school.
- Contact the teacher if your child has difficulty understanding an assignment.

### Citizenship and Student Behavior

- Students are to display good character in the cafeteria, on the playground, on the bus, and in the classroom.
- Staff and parents should work together to help children understand the meaning and importance of good character. Specific rights, rules and responsibilities regarding student behavior are detailed in the Student Code of Conduct. Each student is provided a link to the student handbook online or may request a physical copy.

### **Parent Classroom Visitation Policy**

**Charter School of New Castle encourages parents/guardians to take an active role in their children's education.** To respect the privacy and safety of students and to maintain a safe learning environment, parents typically are not permitted to be present in a classroom. Parents/guardians are encouraged to meet with the child's teacher frequently and must schedule an appointment 24 hours in advance. To schedule the appointment, a parent/guardian can contact the main office at 302-324-8901. If the parent/guardian is in school for a visit, he/she must sign in at the main office and put on a visitor's badge, after which a staff member **MUST** escort the visitor to the classroom. On occasion, a parent may be asked to accompany a child in class to support their academic and/or behavioral progress. In that case, the parent/guardian is expected to act as a silent bystander so as to not disrupt the learning process in the classroom.

### **Conflict Resolution/Mediation**

It is the philosophy of the Charter School of New Castle that students and staff should be proactive in their approach to behavior management. Therefore, conflict resolution and mediation strategies will be employed in a proactive manner to assist students and staff in addressing conflict and discipline issues.

### **Counseling**

Personal needs or concerns can seriously threaten and interfere with the educational development of students. Schools have the responsibility to provide counseling services for students and to inform students of services provided by other agencies.

**Students Have The Responsibility:**

- To identify and/or report personnel or school related problems, concerns, or issues to appropriate staff and counselors/advisors.
- To use counseling services for their educational and personal development, when appropriate.
- To schedule appointments in advance unless the problems or concerns constitute an emergency. Parents and students have the responsibility to provide information that may be useful in making intelligent educational decisions.
- To use counselors/advisors' services for personal or school-related problems, concerns, and issues.

**Students Have The Right:**

- To be accurately informed as to the nature, kind, or type of guidance services available in their school and community.
- To receive appropriate counseling for personal and educational problems within a reasonable time.
- To have access to counselors/advisors who are member of the staff.

**Participation In School Activities**

- Students participating in extra-curricular programs and activities are expected to maintain the Charter School of New Castle standards of behavior in their school and community as defined by the Student Code of Conduct.
- Any student subject to a probationary agreement, suspension, alternative education or behavior contract will be ineligible to participate in any school-sponsored extra-curricular activity or program for 90 school days.
- Any student who violates Charter School of New Castle's team or group pledges or rules may become ineligible to participate in school-sponsored extra-curricular activities or programs for 45 school days, if recommended by an Executive Director.
- Charter School of New Castle's administration also may declare a student ineligible to participate in any or all school-sponsored extra-curricular activities and programs for a set period of time when that student's behavior results in a threat of harm to the health, safety, or welfare of staff or students or to the reputation of the school.
- Participation is a privilege that may be forfeited due to misconduct or failure to attain and maintain passing grades in all classes.

## **CHAPTER II – SCHOOL AND STUDENT PROPERTY**

### **Lost, Stolen, or Damaged School Materials**

All textbooks, school devices and other materials provided for students are a loan and remain the property of the Charter School of New Castle. Students are expected to treat them carefully. The School will keep an accurate inventory of all textbooks and school property.

At the end of the school year, when a student leaves the school, or when the material no longer is needed, all textbooks, school devices and materials must be returned. Charges for damaged textbooks, school devices and/or materials will be assessed against the parent/guardian, based on the change (if any) in the condition of the book or material between the beginning of the year at the end of the school year or period of use. If the book, device or materials degrade(s) by two steps (measured on the scale below), the fee will be 25% of replacement cost; if by three steps, 50% of replacement cost; if damaged beyond use, according to the schedule for lost and stolen materials, below.

The condition of books and technological devices (i.e. iPads, Laptop/desktop computers, projectors, etc.) will be rated as follows:

- Excellent condition
- Good condition
- Fair condition
- Poor condition

For books/devices that are lost, stolen, or damaged beyond use, the student will be assessed a fee based on the condition of the book/device at the beginning of the year, in accordance with the following schedule:

Lost, stolen, and irretrievably damaged books and technological devices:

- Excellent condition: full replacement cost
- Good condition: 75% of replacement cost
- Fair condition: 50% of replacement cost
- Poor condition: 25% of replacement cost

No final report card will be issued until all financial obligations to the school have been fulfilled. In addition, the school reserves the right to deny re-enrollment to any student whose financial obligations to the school under this policy are unfulfilled. If a parent or guardian is having difficulty meeting a financial obligation to the school, they may contact an Executive Director to see if a payment plan may be available.

Any dispute may be appealed to the Executive Director (s).

### **Search and Seizure**

Students shall be free from unreasonable search and seizure of property as guaranteed by the Fourth Amendment to the U.S. Constitution. Student lockers are the property of the school and may be subject to search by an administrator at any time, with or without reasonable suspicion, to protect the health, safety, and welfare of others. Search of individual students shall be based upon reasonable suspicion that the student's person or property contains illegal substances or items, or material detrimental to the safety and welfare of other students or staff, or in violation of law or the Student Code. Students are responsible and accountable for the contents of all items found in their lockers, book bags, purses, and any bags or containers used to carry personal property.

All alcohol, drugs, drug-like substances, look-alike substances, and/or drug paraphernalia found in a student's possession shall be turned over to an Executive Director or designee. All substances shall be sealed and documented and, in the case of illegal drugs or other “controlled substances” as defined by Delaware law, turned over to police as potential evidence. A request for analysis shall be made where appropriate. (In case of medical emergency, substance should be made available for identification purposes.)

Students have the responsibility:

- To refrain from possessing or concealing any substances or objects that are illegal or that may disrupt the educational process and/or school-sponsored activities/events.
- To monitor and control access to their lockers, purses, book bags, or similar containers and to check their contents regularly.

Students have the right:

- To privacy in their personal possessions unless an Executive Director or designee has reasonable suspicion to believe that illegal substances/objects are in the possession of or being concealed by the student.
- To be notified that a seized substance is believed to be an illegal drug. The student and student's parent/guardian will have 3 days from the date of notification to dispute, in writing, that a seized material or substance is an illegal drug.

## CHAPTER III – ATTENDANCE & TRUANCY

### **Absenteeism / Attendance**

Every parent, guardian, or other person having legal control of a child between the ages of 5 and 16 is required to send such child to school. Attendance standards are applicable to all students enrolled in CSNC. School attendance is mandated by state law and regulations of the State Board of Education. The Student Absenteeism/Attendance Policy of the CSNC Board establishes specific regulations related to attendance. Students are required by law to attend school 90% of the school year to be eligible for promotion. Forming responsible habits regarding attendance and promptness is important. Parents are expected to support the goal of punctuality by having their children arrive on time, remain in school for a full day, and schedule appointments after school hours whenever possible.

CSNC is responsible for reporting violations of the attendance laws of the State. The school may excuse a student for necessary and legal absences, subject to provisions of the Delaware Code. Title 14, Chapter 27 of the Delaware Code can be found online at: [www.delcode.state.de.us](http://www.delcode.state.de.us). The following are considered necessary and legal such that a student will have an excused absence and may not be used to file truancy charges:

- Illness of student – a physician’s note is required (3 or more days).
- Medical diagnosis and/or treatment.
- Death in the immediate family; funerals of other relatives or close friends, not to exceed one day if in Delaware or three days if outside the state.
- Scheduled appointments with a physical or mental healthcare provider, including, but not limited to, a physician, dentist, orthodontist, psychologist (an appointment confirmation letter/note is required).
- Contagious disease within the home of the student, subject to regulations of the Division of Public Health and the Department of Health and Social Services (a physician’s note is required).
- Legal business requiring the student’s presence.
- Observance of a religious holiday.
- Remedial health treatment/therapy (physician’s note required).
- Suspension or expulsion from school.

Following an excused absence, the student will be allowed to make up all work missed, to take tests that were missed, and to submit any assignments that became due during the absence. After returning from an excused absence, the student will have a maximum of five (5) school days to make up any work missed due to the absence. A teacher may extend the time for making up work if the circumstances warrant such action. Please note that suspensions and/or expulsions are included as excused absences as means to prevent truancy charges. Students who are suspended or expelled may not receive full credit for assignments and tests missed during the period of suspension and/or expulsion.

Absences for other reasons are classified as “unexcused.” Parents are informed through a letter sent via the United States Postal Service and email (if a valid parent/guardian email address is available) regarding student absences at 3, 10, 15, and 20 day intervals. Once notified, parents have up to three

(3) school days to provide proper documentation for these absences. Any documentation provided after the three (3) school day period will not be accepted. A student whose absence is unexcused may receive a failing grade for all assignments missed or tests given during the period of the unexcused absence. Please note that family vacations and other outside activities scheduled during the school year will not be approved and will be unexcused absences. Vacations and other activities should be scheduled outside of the academic calendar. While an unexcused absence may result in a failing grade for all assignments due during the absence or tests missed, those items may still be obtained by the student and/or parent/guardian as a means to keep the student on pace with his or her classmates.

To ensure compliance with the requirements of the Delaware Code (Title 14, Part I, Chapter 27), the following standards apply at Charter School of New Castle:

1. A student who has been absent from school without a valid excuse for more than three (3) school days in a school year is considered truant. Following the **3<sup>rd</sup> day** of unexcused absence, the school shall immediately notify the parent(s)/guardian(s) in writing.
  - a. In case of illness, the student's representative must bring in a doctor's note on the 3<sup>rd</sup> day of being absent.
2. Following the **10<sup>th</sup> day** unexcused absence by a student, the school shall immediately notify the parent(s) /guardian(s) in writing and a home visit will be conducted.
3. Following the **15<sup>th</sup> day** of unexcused absence, the student's parent(s)/guardian(s) shall be notified by certified mail to appear at the school within 10 days after the date of the notification is received for a conference and counseling with the school's administration.
  - a. Each parent/guardian of a truant student in grades 6 through 8, following the 15<sup>th</sup> day of unexcused absence, shall be required to sign a contract with the school, agreeing they will make every reasonable effort to:
    - i. Have their child(ren) abide by the school code of conduct;
    - ii. Make certain their child(ren) attends school regularly; and
    - iii. Provide written documentation substantiating the reason(s) for any absence.
4. Following the **20<sup>th</sup> day** of unexcused absence, the school shall refer the case for prosecution. If the student fails to return to school within five (5) days of the completion of prosecution of the case, the school shall immediately notify the Department of services for Children, Youth and Their Families and request intervention services by the Department. The Department shall contact the family within ten (10) business days of such notification and request.
5. Following the **20<sup>th</sup> day** of any excused or unexcused absence, the school has the right to determine whether promotion to the next grade level is appropriate

A student enrolled in grades K through 8 is considered truant if the student has been absent from school without a valid excuse, as defined in the Rules and Regulations of the State Board of Education, for more than three (3) cumulative or consecutive school days during a given school year. CSNC will take action regarding unexcused absences including, but not limited to, written communications, home visits, required parent/guardian conferences, and referral of the parent for prosecution. A parent/guardian who is determined to have violated the State's compulsory school

attendance laws is subject to penalties as described by State law:

- Parents
  - First offense: fine of \$25 to \$300 or imprisonment for up to 10 days or both
  - Second offense: fine of \$50 to \$500 or imprisonment for up to 20 days or both
  - Third offense: fine of \$230 to \$1,150 or imprisonment for up to 30 days or both

A parent may be ordered to perform unpaid community service in lieu of a fine. If imprisoned, the court may impose conditions of release.

- Students
  - Penalties may include community service, counseling, restriction from participation in extracurricular activities sponsored by the school, school social events, recommendation for alternate placement, or expulsion. Students also may be subject to substance abuse or mental health evaluation.

### **Arrival / Tardiness / Dismissal**

Instructional time is lost when a student misses any portion of the academic day. Every effort should be made to assure that the student arrives at school on time and stays in school until dismissal. To maximize instructional time and maintain an orderly school environment, CSNC has implemented strict policies and procedures for student arrival and dismissal.

### **Arrival and Dismissal Times:**

**Pursuant to Delaware Law (Title 21, Chapter 70), vehicles are not permitted to park in the fire/bus lane at any time. Violators will be reported to the New Castle County City Fire Marshall and subject to civil penalties and/or fines.**

### **Tardiness To School / Early Dismissal From School**

All students are expected to be punctual and arrive at school at the set time. After a student is late seven (7) times, a letter will be sent to the parent/guardian. Additional occurrences will be counted as an absence. Once the student has been late 10 times, a mandatory parent meeting will be requested. A student who arrives to school after 12:00 PM will be marked absent for that school day. If child arrives at school after 12:00 PM and presents a doctor's note, the absence will be excused. (3 tardies is equal to one absence).

### **Pre-Arranged Absence**

A pre-arranged absence is a student's absence from school for one or more days for educational activities approved by an Executive Director. The absence should be pre-arranged by writing to an Executive Director, giving the full particulars of the absence. Approval for such absences should be sought, where practicable, at least one (1) week prior to the date on which the absence is to occur. Provided the student and teacher develop a plan for making up the assignments that will be missed, an Executive Director may designate the absence as excused.

Students who must leave the building due to an emergency or other legitimate reason that does not permit a pre-arranged absence, must receive approval from an Executive Director or his/her designee. The student then is responsible for completing the sign-out procedure before leaving the building and must present a parent's note explaining the absence upon his/her return to school.

### **School Closings**

School cancellations and late openings: snow, icy roads, and other special emergencies may necessitate a late opening, early closing, or cancellation of school. It is advisable to listen to local radio stations and/or watch local television. The following is a list of the media outlets that will cover our school closings: WPVI Channel 6; NBC 10; FOX 29; CBS 3; CSNC Website; CSNC Facebook page and DOE website.

## **CHAPTER V - ACADEMIC/GRADING POLICY**

We at Charter School of New Castle believe that grades should offer clear feedback to a student and family about the student's progress throughout the year. Grades are the tools we use to determine if a child is ready to progress to the next grade. Grades also are how we determine the impact of our instruction. The purpose of this section is to provide clarity on how we grade so that every child receives consistent treatment.

Grades are an indicator of the student's performance or skill proficiency at a particular time. A student's grades should reflect the teacher's assessment of the student's achievement, based on the course requirements for a given class. Report Cards will be issued three times per year, and the final grade will be calculated as an average of the three trimester grades. Letter grades are based on the following:

### **All Grades**

Grades	
A+	97-100
A	94-96
A-	90-93
B+	87-89
B	84-86
B-	80-83
C+	77-79
C	74-76
C-	70-73
D	65-69
F**	64 and below

Grades 1-2	
Participation*	20%
Assessment	50%
Homework	10%
Classwork	20%

Grades 3-8	
Participation*	10%
Assessment	45%
Homework	5%
Classwork	40%

\*Participation: This category is used to determine the active engagement of a child in class. This is important feedback regarding how a child is behaving in class as well as whether the child is asking and answering questions.

**\*\*** It is within the School Leaders' discretion to allow extra credit assignments to be reflected in the grade of a student scores below 65. If this is granted, the student must complete the assignment within the allotted time frame and the work must be of good quality. The school will grade the overall work and determine the positive impact to the overall trimesterly grade. Extra credit will not take a student above a 69% trimesterly average.

### **Specials Scale (Elementary School Only)**

O =	80-100
S =	60-79
U =	59 and below

### **Homework**

Assigned homework is to be completed at home and is an extension of the work done in class. Homework often serves to reinforce and supplement the lesson. Homework is given either to reinforce what was learned in class that day or to prepare students for an upcoming lesson. Students should be doing up to 1 hour of homework in grades K-2, and up to 2 hours in grades 3-8.

Please keep in mind that differences in ability level may alter the time spent in certain subject areas, but generally students are expected to dedicate a minimum of one (1) hour each night to the careful completion of their homework assignments. Each student should carefully record their homework in their composition book or notebook. Homework is due at the beginning of the next class after it is assigned unless the teacher specifies otherwise. If a class does not meet because of a change in schedule or school closing (for example, because of inclement weather or some other act of nature), students are required to hand in the homework at the next class meeting. Additional time also may be required to study for tests and for the completion of special projects. It is especially important that homework be completed and handed in on time.

### **Homework For Absentees**

Parents or guardians may call the office at 302-324-8901 before 9:00 a.m. to request homework assignments if a student is absent for two (2) or more days. Please note, we require 24 hours to assemble all of the materials. Therefore, we suggest you call us prior to picking up the requested assignments. Teachers are not required to provide work that will be missed because of a vacation prior to the absence. As this is an unexcused absence no credit will be provided for the work, which nonetheless should be done to keep the student on pace with the class. However, upon the student's return to school, the teacher may (or may not) provide an opportunity for additional "make up" work for credit.

### **Assessment**

Assessment: This category is used for all testing.

- Weekly assessments (5 points)
- Quizzes (1-10 points)
- Exams (20-80 points)
- Unit Tests (100 points)
- Written reports (50-100 points), and any other projects.

Students may expect weekly or bi-weekly testing in the core subject areas. Proper study

habits, regular review, and effective test preparation are essential to the successful completion of all class work.

Periods of standardized testing will also be scheduled during the year in order to measure overall student progress. These tests may include both school-wide and state required testing.

Benchmark assessment testing will be required for all students seeking enrollment at CSNC. These assessments are expected to be given during the spring and summer.

### **Honor Roll**

Charter School of New Castle will issue an Honor Roll after each trimester for all grades. To be named to the Distinguished Honor Roll (Director's List) the student must earn all A's/EP's. To be named to the Honor Roll, the student must earn a combination of A's/EP's and B's/MP's in all subject areas.

### **Promotion And Retention**

Promotion	
K*	Must pass core competencies as determined by school.
1-2	Must pass 75% of all classes or can be retained
3-8	If failing 2 or more classes, can be retained (student must pass Math and ELA to be promoted).

\*Due to the developmental nature of student learning in the primary/elementary grades, retention may be considered upon the recommendation of teachers, specialists, and administration. Students not meeting grade level competencies may be retained in the current grade or required to attend summer school, if offered. Kindergarten grade level competencies are EP (Exceeds Proficiency), MP (Meets Proficiency), NP (Near Proficiency), and BP (Below Proficiency). Students who earn grades of BP (Below Proficiency) will be retained.

### **Interim Reports**

Interim reports in each academic subject are available via the Home Access Center (HAC) at the midway point of each of trimester. These reports indicate a student's progress in the areas of school behavior, work habits, and academic performance. Parents/Guardians will be asked to come to school for a conference regarding students whose academic progress or personal conduct gives cause for concern. Parents will be notified in writing during the third trimester if a student is in danger of being retained.

### **Report Cards**

Report Cards will be made available through the school's Home Access Center every trimester. All parents/guardians will receive instructions on how to access the Home Access Center at the beginning of every school year. For parents/guardians who do not have internet access, hard copies of the report cards will be provided upon request. The student's final grade will be calculated as an average of the grades received for trimesters one, two, and three. The trimester reports will indicate the performance and accomplishments of the student during that trimester.

The student will receive a grade for performance and accomplishments of the class assignments, and comments regarding his/her performance and behavior in class. The final report card will be mailed to the student's home address after the final day of school.

### **Special Education And Specialized Programs Overview**

Charter School of New Castle believes that all students can, and must have an opportunity to, reach their potential. To this end, we have certified special education faculty, counselors, social workers, and psychologists to provide on-going support to students who have been identified as being in need of special educational services.

When assessing students for special services, we use existing Federal law and approved guidelines as our model. At any time, parent/guardians who think their child may be eligible for special education and related services may request that Charter School of New Castle conduct a multi-disciplinary evaluation. Request should be made in writing to the Dean of Special Education.

Charter School of New Castle is required by the Individuals with Disability Education Improvement Act (IDEA) to provide free, appropriate public education to children with disabilities who need special education and related services. Delaware has adopted State laws that conform to the IDEA and that school districts and charter schools must follow.

#### *IEP Process*

An IEP, or *Individualized Education Program*, is a written when a student is identified with a disability. This document describes your child's needs and explains the specifically designed instruction and services that Charter School of New Castle will provide your son or daughter to make real progress in school. It lists the special education, related services, and other supports the child needs to succeed and serves as the plan for you and Charter School of New Castle and describes the services your child will receive. The IEP is written by a team of qualified professionals; parent and guardians are important members of the team. As a parent or guardian, you are invited to all IEP meetings. Your son or daughter must be invited to the meeting if his/her post-secondary goals and transition needs will be discussed at the meeting (this is required if the child by is or will turn 14 during the next school year or is enrolled in 8<sup>th</sup> grade). If transition needs are not going to be discussed, then the parent or guardian can decide whether the child should attend the meeting. Parent and student input during these meetings is extremely valued and helps us to design the best plan for your son or daughter. After the IEP is written, parents and guardians will be asked to sign a Prior Written Notice (PWN). By signing this document, you indicate your approval of the program and services included in the IEP.

More information about the special education process can be found in the *Procedural Safeguard Notice*. This notice informs parents of their rights related to their child with a disability and is provided annually to parents.

#### *Transition Services*

Consideration of transition needs is required annually for all students once they reach the age of 14. Charter School of New Castle provides transition services to all special education students. This may include linking students to outside agencies and supporting in identifying post-secondary opportunities for students.

### *Progress Monitoring*

Charter School of New Castle uses data to monitor the academic growth of all students. Charter School of New Castle also specifically monitors each special education student's progress towards meeting the goals outlined in their IEP.

## **CHAPTER VI – SCHOOL HEALTH POLICY**

A full-time nurse is present at Charter School of New Castle Charter to handle those health and medical emergencies that may arise and to complete mandatory health screenings. Parents are advised to notify the school nurse of any health problems their child has or develops during the school year and any medications the student is prescribed. Parents also are encouraged to keep an action plan on file from the doctor for chronic conditions such as asthma, life threatening allergies, diabetes, and seizures. Parents are **required** to have an emergency card on file for each child attending school and to notify the school if the information changes during the year.

### **Vaccinations**

The State of Delaware mandates that all students be up-to-date on vaccinations. This includes a lead test and a TB risk assessment survey or a PPD test to determine whether TB is present. All incoming pre-kindergarten and kindergarten students are required to have a physical exam completed and on file in the nurse's office. Failure to comply with these regulations will result in the child's temporary removal from school until proof of missing vaccinations, testing, or physical examination is provided by a doctor. Also, sports physicals are mandatory for all students interested in participating in a team sport.

There are times when a student needs to be excused from physical education or needs extra bathroom breaks or other accommodations. In order to make these accommodations, a note must be provided by your doctor and kept on file in the nurse's office. All permanent excuses, action plans, medication permission forms, and emergency cards must be renewed at the beginning of each school year. Any student who is absent for more than two days due to illness must have a doctor's note in order to return to school.

### **Medications**

All medications, including over-the-counter medications must be kept in the nurse's office. No student is allowed to have in his/her possession any medication unless there is a written doctor's note on file in the nurse's office (e.g., asthma inhaler); this includes all prescription and over-the-counter medications. The school has numerous medications for headache, upset stomach, and sore throat available, provided a parent gives permission on the emergency card. A form is available in the nurse's office for a student who needs to carry their asthma inhaler or epi-pen, but requires a doctor's signature. Parents who choose this option are encouraged to provide a spare inhaler or epipen for the nurse's office in case a student leaves the medication at home or the inhaler becomes empty.

If a student requires prescription medication or an over-the-counter medication that is not provided by the school, a parent permission form must be on file in the nurse's office. Prescription medications must be brought in by a legal guardian and be in the original pharmacy bottle with the

label showing the student's correct name, time to be administered, dosage, prescribing doctor's name, and date. Over-the-counter medications sent in must be in the original sealed box. The nurse will assess the student and determine if other measures can be used before the medication is given. These over-the-counter medications (e.g., allergy eye drops) can only be given for a short time and will be administered per the instructions on the container. If a prescription or over-the-counter medication is needed daily, a doctor's note is required. If a student has medication in the building without permission, the medication will be confiscated and the student will face possible disciplinary actions including suspension. All medications **MUST** be picked up at the end of the school year or they will be disposed of.

### **Illness/Injury**

If students become ill or are injured during the day, it is their responsibility to tell their teacher at the time of the injury or illness so they may receive a pass to see the nurse for proper medical care. Students will **NOT** be seen without a pass unless a medical emergency arises.

If a student becomes ill during the day and the nurse decides the student needs to go home, the nurse will contact the student's family and the student **MUST** be picked up within two hours. All families need to have a back-up plan in place in case this occurs and they are not available. The school retains the right to call the Department of Human Services if no one is able to come and pick up their child within the allotted two hours. Students should not use personal phones to contact their families to advise that they are sick and need to go home. If a student does this, the phone will be confiscated and the student will face other possible consequences as well. If a student is feeling ill, the student needs to be seen by the nurse; the nurse will determine if the student needs to go home. All families must sign-out their child in the main office before the student leaves. Students are not allowed to leave alone; an adult must pick them up.

There are certain contagious diseases that require a student to stay home until a doctor authorizes the student to return to school. These include, but are not limited to, impetigo, chicken pox, and strep throat. Also, if a student is sent home sick and is prescribed a medication for his/her illness, the student may return to school in accordance with the doctor's instructions. Students with a fever greater than 100 degrees, vomiting, and/or diarrhea must be kept home from school until they have no symptoms for 24 hours. Students who have thick mucus or pus draining from the eye also must be kept home. Please contact the nurse with any questions.

## **CHAPTER VII - STUDENT ACCOUNTABILITY SYSTEM**

### **Elementary School**

To ensure an environment that is conducive to learning, Charter School of New Castle has developed a token economy program that encompasses components of the PBIS (Positive Behavior Intervention and Supports) and CHARACTER COUNTS! character education frameworks. CSNC's Student Accountability System places an emphasis on complaint behavior to encourage students to strive for excellence and exhibit good character at all times.

The Tiered Behavior System consists of three levels:

<b>Tier</b>	<b>Description</b>	<b>Level of Involvement</b>
<b>Level One</b>	Level one behaviors are minor behaviors that can be redirected by the teacher and do not escalate to the dean.	Teacher
<b>Level Two</b>	Level two behaviors are student actions that result in a significant loss of instructional time. Level two behaviors are recorded on a behavioral referral and escalated to the Dean's office.	Teacher/Dean
<b>Level Three</b>	Level three behaviors are student actions that constitute serious non-compliance and warrant significant disciplinary action.	Dean/ School Counselor

**\* See Disciplinary Actions for offenses and levels.**

### **Middle School**

### Level II Violations

Level II Violation	Description
<b>Physical Aggression</b>	Physical contact (e.g., pushing, shoving, hitting, slapping) involving one or more offenders where no student is injured, the incident is immediately stopped due to staff physical intervention, and does not elevate to a Level III Violation (i.e., fighting, simple assault).
<b>Pre-fight</b>	Threatening words or actions intended to provoke a violent reaction, including posturing, "getting in his/her face," or violation of personal space, where physical intervention by staff is necessary to de-escalate the situation.
<b>Provocation</b>	Argumentative words, not actions, intended to provoke a violent reaction where staff are able to de-escalate the situation without the use of physical presence to intervene.
<b>Inciting Violence</b>	Watching, encouraging, or instigating a pre-fight/ fight before school, during school, after school, or in any form of social media. It is our belief that bystanders play a role in escalating violence; therefore, anyone watching a fight has an obligation to de-escalate the situation by staying calm, remaining impartial, and getting help.
<b>Inappropriate Behavior to Others</b>	Deprecating or insulting another member of the community, through the use of profanity, name calling, or any other disrespectful language or gestures, where the intent for a violent reaction is not present.

<b>Major Disrespect towards Staff</b>	Major disrespect includes, but is not limited to, any nonthreatening words and/or actions that are directed toward a staff member in either an overtly loud, profane, or demonstrative manner (e.g., “cursing out” a staff member, screaming, comments indicating extreme disdain for class or school, obscene hand gestures)
<b>Major Insubordination</b>	Major insubordination includes ignoring any and all redirection, walking/running away from staff, and refusal to cooperate in any manner to multiple staff members’ requests - escalating to a situation that disrupts the larger community where staff is unable to quickly regain control.
<b>Insubordination</b>	Insubordination includes failure to comply with directions of teachers and other school personnel (e.g., leaving class without permission, refusing to turn over a demerit card when asked to do so by any adult).
<b>Constant Disruption</b>	Behavior that continuously interrupts the learning environment of a class – the actions have been addressed multiple times over an extended period of time and the teacher has exhausted multiple redirection strategies.
<b>Plagiarism, Forgery, Cheating</b>	Plagiarism is using, without permission, the ideas & writings of another, either word-for-word or in substance, and representing such as one’s own. Forgery is the signing of a document in another’s name. Cheating includes deceit, fraud, or deception (e.g., copying another’s assignments, assisting another in cheating by lending one’s own work; giving or receiving aid during a testing period).
<b>Cutting Class</b>	Cutting class includes failing to attend scheduled or rostered activities as well as leaving the building without permission.
<b>Damaging or Stealing</b>	Damage to or stealing of any property of \$50.00 or less (misdemeanor).
<b>Contraband Possession</b>	Possession of any flammable paraphernalia without the intent to use (e.g., lighters, matches, stink bombs, poppers, etc.)
<b>Misuse of Technology</b>	Execution of any prohibited activity, as specified in detail under the Technology Use Policy, such as viewing or transmitting profanity, vulgarities or other inappropriate language or images, entering online chat rooms, or changing proxy, automatic configurations, or messaging settings.
<b>Inappropriate Sexual Behavior</b>	Consensual sexual activities, requests for sexual favors, or verbal and physical conduct of a sexual nature on school property.
<b>Gambling</b>	Gambling includes betting or wagering for money, favors, or fun. <i>The severity of the disciplinary action will be based upon the circumstances of the infraction, and could include expulsion from school. Repeated or serious violations may also result in filing of criminal charges as deemed appropriate by the school.</i>

Students and parents/guardians will be given notice of a scheduled detention by phone and in writing. Students are required to serve the detention on the assigned date. Students must report to the designated detention area promptly at the times indicated in the chart above for their grade level. Teachers, staff or administrators are not responsible for reminding students to remain for detention.

If a student fails to serve detention, he or she will automatically be scheduled for the detention session date immediately following the missed detention. Failure to serve subsequent detentions will result in a one (1) day out-of-school suspension.

### **Detention Attire**

Students are required to wear their school uniform to detention and proper conduct is expected during detention. All school rules are in effect during detention. Students will be required to do their assignments during the detention period. ## **CHAPTER VIII – GRIEVANCES, SUSPENSION, & EXPULSION**

### **Safeguards That Protect The Rights Of Students & Parents**

Students, and their parents as their representatives, have all the rights given to every citizen by the Fifth and Fourteenth Amendments to the U.S. Constitution. Many of these rights as they pertain specifically to education are defined in this document. These rights are protected through a procedure called due process. This chapter defines the due process procedures for suspension, assignments to alternative programs, expulsion, and for filing a grievance. Students and their parents are encouraged to become familiar with these due process procedures.

When a student feels he/she has been unfairly treated or has not been afforded due process, a grievance may be filed. Schools are responsible for providing a means for students to express and resolve their grievances.

### **Students Have The Responsibility:**

- To try to resolve their complaints through discussion with the person(s) involved before using the grievance procedure. When using the grievance procedure students must state the

grievance clearly, follow the established procedures, and abide by the decision that results from this process.

### **Students Have The Right:**

- To a procedure for expressing and resolving their grievances. This procedure specifies lines of communication, time lines, and a method of appeal.
- To a discipline committee hearing that will be comprised of staff members who can make a recommendation to an Executive Director for expulsion or other consequences if they are at level 3.

### **Student Grievance**

A grievance is another name for a complaint. A student grievance exists when it is alleged that a student has been treated unfairly or has not been afforded due process. A student grievance must be filed within five (5) school days from the time of the alleged infraction.

The following persons or groups may use the grievance procedures:

- Students individually or groups of students.
- Parent(s)/legal guardian(s) of a student.
- Groups of parent(s)/guardian(s) of students.

The grievance procedures may be used where it is alleged that any student or group of students

- Is being denied access to an appropriate educational opportunity.
- Is being denied participation in any school activity for which the student(s) is/are believed to be eligible.
- Is being denied the opportunity to compete for a position in an activity where the selection is limited.
- Is believed to be subjected to an arbitrary or unreasonable regulation, procedure, or standard of conduct.

### **Grievance Procedure**

When the grievance procedure is used, these steps shall be followed:

1. The grievant shall request a conference with the teacher or person(s) who allegedly treated the student unfairly.
2. If the conference fails to resolve the issue, the grievant shall discuss the problem with the Executive Director or his/her designee.
3. If the Executive Director fails to resolve the issue, the grievant, upon request, will be given a written notice by the designee stating the reason(s) the problem could not be resolved. Such notice will be provided within five (5) school days.
4. A grievant wishing to appeal the Executive Director's written decision must file a written appeal with the Board of Directors not later than ten (10) school days from the date of receipt of the Executive Director's written decision.

5. The Board of Directors or its designee shall schedule a conference to hear the grievance no later than five (5) school days following receipt of the notice of appeal and shall issue a decision in writing no later than five (5) school days following the grievance conference.
6. The decision of the Board of Directors or designee shall be the final decision of the School. A copy of the Board of Directors' or designee's final decision shall be sent to all involved parties not later than ten (10) school days after receipt of the appeal.

### **Out Of School Suspension (OSS)**

A suspension is the temporary removal of a pupil from regular school attendance for a period not to exceed five (5) school days. However, the Executive Director or designee, may extend a suspension past the five (5) day period pending a decision on a recommendation to expel the student for code violations determined to be serious. While serving an out of school suspension, a student is forbidden from being on school property for any reason unless accompanied by a responsible adult to a pre-arranged appointment.

Prior to a suspension from school, the student shall:

1. Be given oral or written notice of the charges and, if the charges are denied, be given an explanation of the evidence known to school authorities.
2. Be given the opportunity to present his/her side of the story.
3. Have had prior opportunity to know that the alleged actions were in violation of established rules and regulations.
4. Have the right to appeal the suspension to the next administrative level.

Generally, the notice and hearing should precede the student's removal from school. However, if this is not feasible or if the immediate removal of the student from school is necessary to protect the safety of individuals, property, and/or the educational process, the necessary notice will follow as soon as is practicable.

In all cases of suspension, an attempt shall be made to notify the parents by telephone and, if necessary, to request that the student be picked up from school. Students whose parents and other emergency contacts cannot be reached by telephone will be retained at school until the end of the school day.

When a student is suspended, written notification of the suspension will be sent to the parents by the end of the next school day. The notification shall state the cause and duration of the suspension. If a suspension is for more than three days, a definite time and date for a reinstatement meeting shall be scheduled at a place designated by the Executive Director.

Following a third (3<sup>rd</sup>) out-of-school suspension in any one school year, the student may be placed on a Behavior Contract.

A Behavior Contract is a written agreement of conditions to be met by the student that, if broken,

may result in a recommendation for expulsion. Such agreement is made by the student and parent(s) with the school.

In the case of students with disabilities (as that phrase is defined under Federal regulations promulgated under the Handicapped Act, 20 U.S.C. §1401, et seq.), the regulations and procedures set forth in the State of Delaware Administrative Manual for Exceptional Children shall be followed.

A student who is suspended 8 or more days within one school year or is on track to reach 8 or more days (3 suspensions in one trimester) may be retained or placed in an alternative setting at the discretion of an Executive Director or designee.

### **Suspension Of Bus Privileges**

(SEE APPENDIX E: STUDENT CODE OF CONDUCT - TRANSPORTATION)

Riding a school bus is a privilege. Suspension of bus privileges is the temporary withdrawal of the privilege to ride the school bus. An Executive Director or designee may suspend bus privileges for an appropriate period. Suspension of bus riding privileges does **NOT** mean suspension from school.

Prior to the suspension of bus privileges, the student shall:

1. Be given oral or written notice of the charges and be told who is making these charges or complaints.
2. Be given the opportunity to present his/her side of the story.
3. Have had prior opportunity to know that the alleged actions were in violation of established rules and regulations.
4. Have the right to appeal the suspension of bus privileges to the next administrative level.

In all cases of suspension of bus privileges, an attempt shall be made to notify the parents by telephone and a written notification of the suspension sent to the parents by the end of the next school day. During the suspension of bus riding privileges, it shall be the parent's responsibility to provide the student transportation to and from school. Absences will not be excused for a parent not being able to transport their child to and from school. Suspension of bus privileges will not be used as a disciplinary action for non-bus related violations.

### **Reinstatement Meetings**

All Out of School Suspensions will require a parent or guardian to return the student to school. The school can also decide that a reinstatement meeting is needed for any behavioral or academic issue that is perceived to be negatively impacting the school or individual student by the administration. Upon successful completion of a reinstatement meeting (determined by the Executive Director or his designee) a student will be allowed to return to the school community. If the Executive Director or designee do not consider the reinstatement meeting to be successful and are concerned that the offending student may disrupt the school environment they may require the student to spend more time out of school and extend their out of school suspension. The Executive Director or his designee will notify the parents at the conclusion of the meeting whether the reinstatement meeting was successful and whether the student may return to the school.

community. Any parent or guardian who does not attend the reinstatement meeting may have a subpoena issued mandating their attendance at the school by a Justice of the Peace Court in accordance with Delaware Code. Reinstatement meetings may be required for In School Suspensions at the request of the Executive Director or designee.

71 Del. Laws, c. 218, § 1; 70 Del. Laws, c. 186, § 1; 74 Del. Laws, c. 175, §§ 10, 11.;

### **Expulsion**

Expulsion is the exclusion of a student from his/her regular school program for a period to be determined by Charter School of New Castle, not in excess of 180 school days (one school year).

A student may be expelled for any behavior that is deemed detrimental to the learning environment, safety or well-being of students and staff, or any behavior that is illegal under Delaware or federal law. This behavior may include attempted crimes, aiding or abetting other criminal acts, or conspiracy to commit crimes. Moreover, bringing a firearm, dangerous weapon or instrument, incendiary device, Molotov cocktail, or bomb (as these terms are defined by Delaware law) to school may subject the student to expulsion. The possession of look-alike dangerous weapons, instruments that are illegal, truancy, defiance of school authority, disruption of the educational process, fighting, inappropriate sexual behavior, setting a false fire alarm, and other disruptive or unsafe behaviors also may subject a student to expulsion. This is **not** an exhaustive list of offenses that may result in expulsion.

When a student commits a violation that may result in a recommendation for expulsion, the following procedure shall be followed:

#### ***STEP I***

- a. The student shall be suspended for five (5) school days.
- b. An Executive Director shall investigate all aspects of the discipline problem, including holding a conference with the student and his/her parents or guardians, if possible, at which time the student will be informed of the charges and afforded an opportunity to tell his/her side of the story.
- c. The Executive Director or designee shall make every effort to complete the investigation within five (5) school days of the incident under investigation, if possible.
- d. If the Executive Director concludes that the student committed the offense and that the nature of the offense warrants a recommendation for expulsion, the Executive Director shall submit to the Board of Directors a summary of the investigation and a recommendation for expulsion.
- e. The Executive Director can mandate that the student be sent to an alternative school instead of being expelled. The Executive Director has the full authority to determine the alternative school setting and determine the amount of time that the student should remain at the alternative school. This can include a physical school or an internet based school program.

#### ***STEP II***

- a. Within five (5) school days from the date of completing the investigation that results in a recommendation for expulsion, the Hearing Officer appointed by the Board of Directors will notify the student and the student's parents or guardians of the intent to expel, and of

the date, time, and location for a hearing. The notice of intent to expel shall be sent by certified mail or hand delivered and shall state the reasons for the expulsion, the time and place of the hearing, and the expulsion procedures. If notification is postmarked within the limits indicated, requirements under this provision are met.

- b. The hearing shall be held not less than three (3) nor more than seven (7) school days after the notice of intent to expel is mailed. The time period may be modified by agreement of both parties.
- c. The hearing shall be conducted by a Hearing Officer. The Hearing Officer may be an employee or director of Charter School of New Castle, but must be impartial.
- d. The Hearing Officer shall have full authority to control the conduct of the hearing, including authority to admit or exclude evidence. In conducting the hearing, the Hearing Officer shall not be bound by common law or statutory rules of evidence or by technical or formal rules of procedure. The Hearing Officer shall exclude irrelevant evidence. Unduly repetitive proof shall be excluded. The witnesses shall be sworn in by the Hearing Officer.
- e. The student shall have the following rights:
  - i. To be represented by counsel;
  - ii. To question any witnesses who testify and receive a copy of any statements and/or affidavits of such witnesses;
  - iii. To request that any witnesses appear in person and answer questions or be cross-examined. Student witnesses will not be excused from school or allowed to testify unless their parent(s)/guardian(s) have given written permission prior to the proceedings;
  - iv. To testify and produce witnesses on his/her behalf;
  - v. To obtain, at the student's expense and upon written request, a copy of the transcript of the hearing.

### ***STEP III***

- a. Within (3-5) school days following the conclusion of the hearing, the Hearing Officer shall prepare a report for the Board. The report shall summarize the proceedings, state findings of fact, and make a recommendation as to whether the Board should expel the student.
- b. If the Hearing Officer does not recommend expulsion, the Hearing Officer may permit the student to return to school pending a review of the report by the Board.

The Board shall decide whether to expel the student following a review of the report, as well as the transcript of the hearing. Review by the Board shall be limited to a review of the record. The Board shall affirm the expulsion recommendation of the Hearing Officer if it determines that the Executive Director and the Hearing Officer followed the proper procedures in considering the alleged offense.

#### **STEP IV**

- a. The parents of a student who is expelled shall be informed that they may apply for the student's re-admission at the end of the period of expulsion and must provide verification that all conditions for readmission have been met.
- b. Upon re-admission to school, the student will be placed on probation. The student will be assigned to a staff member who will monitor his/her behavior, academic performance, and provide assistance for a period of at least one semester.
- c. A student is prohibited from being on Charter School of New Castle property during the expulsion period, except when accompanied by a parent or guardian for a scheduled appointment with school officials.

\*At any point in the process the Executive Director or his designee may decide to have the student be placed in alternative school or a homebound placement. If a student is placed in an alternative school the school will assign them to Positive Changes or other alternative setting. If the student is assigned homebound instruction they will provided assigned work and accompanying resources for instruction and assessment of students.

#### **Disciplinary Procedures For Students With Disabilities**

The following rules are prescribed by the federal Individuals with Disabilities Act (IDEA) for applicability to students with an Individualized Education Plan who are eligible for Special Education Services.

1. For disciplinary reasons, school personnel may suspend a student with disabilities (in school or out of school) for not more than 10 school days. This is known as the "10 day rule." Disciplinary removals for more than 10 school days are a "change of placement."
2. The "10 day rule" allows school personnel to unilaterally remove a student with a disability who violates a code of conduct from the student's current placement for not more than 10 school days.
3. A "change of placement" occurs if a removal is for more than 10 consecutive school days or if a student is subjected to a series of removals that, together, amount to more than 10 school days in a year.
4. School personnel are required to provide students with disabilities who are suspended for more than 10 days a free and appropriate public education (FAPE). Services must enable the student to participate in the general education curriculum and to progress toward meeting the goals set out in the Individual Educational Plan (IEP).
5. The IDEA requires the school to conduct a manifestation determination review, to determine whether the student's behavior is linked to his/her disability, within 10 school days of any decision to change the placement of a student with a disability because of a violation of the code of conduct.
6. If the Special Education Team determines it was a manifestation, the Special Education Team must conduct a Functional Behavior Assessment (FBA), develop a positive behavior support plan to address the behavior and return the student to the placement from which the student was removed.

7. If the Special Education Team determines it was not a manifestation of the disability, the school may discipline the student using the relevant disciplinary procedures applicable to students without disabilities, in the same manner and duration as all students. However, services must continue to be provided.
8. School personnel may remove a student with a disability to an interim alternative setting for up to 45 days when a student at a school, district, or state function carries a weapon or look alike, knowingly possesses or uses illegal drugs, or has inflicted serious bodily harm on another person.

Charter School of New Castle will abide by the following in determining disciplinary actions for students with disabilities:

- a. In the case of a student with a disability who is being considered for expulsion or suspension in excess of 10 days (cumulatively) in one school year, a special education team meeting will be convened.
- b. The special education team will determine whether (1) the alleged conduct was related to the student's disability; or (2) the student was inappropriately placed at the time of the offense or there is a likelihood that a change in the student's program and/or placement would alleviate the misconduct that led to the offense.
- c. If the special education team determines that either of the above standards is met, suspension or expulsion will not be authorized and the student's program and placement will be reviewed.
- d. If the special education team determines that neither of the above standards is met, the Executive Director will follow the Student Code of Conduct. To the extent required by state or federal law, a student identified as having a disability under the Individuals with Disabilities Act (IDEA) who is expelled or suspended in excess of 10 days may still be entitled to a free and appropriate public education.
- e. If a student with a disability presents a danger to him/herself or others, or is so disruptive that his/her behavior substantially interferes with the right of other students to benefit from an education, an interim change of placement may be authorized either by a (1) special education team decision accompanied by parental consent; or (2) court order.
- f. Nothing stated herein shall preclude the special education team from placing a student with a disability who is determined to have brought a firearm to school in an interim alternative educational setting in accordance with state and federal law.

### **Definitions**

***"Student with disability"*** refers to a student eligible for special education under either: (1) the Individuals With Disabilities Education Act (IDEA) as implemented by state regulations compiled in the Administrative Manual: Programs for Exceptional Children (AMPEC); or (2) Section 504 of the Rehabilitation Act.

## **CHAPTER IX – VIOLATIONS OF THE STUDENT CODE OF CONDUCT**

The Student Code of Conduct defines specific acts that are violations of expected student behavior. School rules come from many sources, including state law, school policy, and Charter School Guidelines and Regulations. Violations are examples of those acts that disrupt the school environment and the instructional process.

The aim of this chapter is to provide school personnel, parents, students, and the community clear understanding of code violations and resulting disciplinary actions.

A major consideration of the Student Code of Conduct is to identify appropriate disciplinary actions to bring about positive student behavior. The severity and frequency of the misbehavior and the age and maturity of the student are considered in deciding upon appropriate disciplinary action. It is understood that the severity of a Code violation will determine the disciplinary action that is appropriately severe. While administrative personnel bear the major responsibility for effectively carrying out the school's discipline policies, the entire staff plays a vital role in resolving problems and influencing student behavior. Corporal punishment will not be administered at Charter School of New Castle.

The Code of Conduct also applies to a student's out-of-school conduct if the School believes the nature of such conduct indicates the student presents a threat to the health, safety, or welfare of students or staff, or to the reputation of Charter School of New Castle.

Out-of-school conduct that may subject a student to disciplinary action shall include, but not be limited to:

- Acts of violence or threats of violence that are punishable by law.
- Sexual offenses which are punishable by law.
- The sale, transfer or possession of drugs that would constitute an offense punishable by law.
- Felony charges.

Nothing in this section dealing with out-of-school conduct will have any effect on or alter in any way the application of the Code for in-school conduct. The following pages list and define violations and disciplinary actions. The Code permits administrators and teachers to select from a list of recommended actions for certain violations in the Violations and Disciplinary Actions section of this Code of Conduct. Specific disciplinary actions are required for other violations.

The Executive Director or designee shall conduct an investigation as is reasonable under the circumstances to confirm that the charged offense has in fact been committed.

When a student is suspended, written notification of the suspension shall be sent to the parent/guardian. The notification shall state the cause and duration of the suspension. For each out-of-school suspension, the Executive Director or designee is required to hold an in-person or phone conference with the parent and child prior to the readmission of the student. In all cases of suspension, an attempt shall be made to notify the parents/guardian by telephone as soon as practicable.

## **Violations And Disciplinary Actions**

### *Elementary School*

Charter School of New Castle utilizes the ROAR Behavior Chart to inspire positive behavior, de-incentivize negative behavior, and keep parents informed of their child's behavioral progress in the school. The ROAR Chart is also reinforced with the PBIS program. The PBIS program rewards students who exemplify the expected behavior as outlined in ROAR with Jag Coins.

Jag Coins are collected throughout the week. On the last school day of any week, students are able to earn double the coins. This day is referred to as "Double Dip Day." On the first school day of every week, students are permitted to "Cash-out." During "Cash-out," students turn in their coins for prizes/privileges.

### *Middle School*

All middle school students have an opportunity every two weeks to participate in the Jag Event. Students who display recurring behavioral issues will be excluded from the upcoming Jag Event within the preceding two-week period. Students who are excluded from past Jag Events are able to participate in the next event provided improved behavior.

The table below includes a List of Offenses and Behavioral Infractions that warrant additional disciplinary action. When selecting appropriate disciplinary actions, the administrator or designee may select one or more of the actions listed in addition to implementing an additional action if it is deemed that those listed below are not an effective deterrent to the student. Multiple offenses normally designated at a lesser offense level may be treated at the next highest level.

### **List Of Disciplinary Actions**

## **CHAPTER X - BUS TRANSPORTATION**

Riding the bus to and from school is an extension of the school day. The Student Code of Conduct will apply to all violations occurring during travel to and from school, at the bus stop, and while boarding, riding, or exiting buses. While on the school bus, drivers have the same authority as classroom teachers. Violations of these rules may result in behavioral consequences up to and including the suspension of bus-riding privileges.

Switching buses for any reason is strictly prohibited unless written notification is received from the student's parent/guardian by 8:00AM for Middle School students and 9:00AM for Elementary School students, on or before the day of the change, and approved by the administration of Charter School of New Castle. This written notification **MUST** be provided at the above specified times to the school's front office and/or emailed to:

information.request@CSNC.k12.de.us.

*Any other form of communication other than written communication is not valid.*

Following the Bus Safety Rules and Regulations will ensure the safe, prompt arrivals and departures of buses, and positive attitudes on the part of students. Students who do not follow the reasonable requests of the bus driver may jeopardize their bus riding privileges. Misbehavior On the bus may result in a written warning or suspension of bus riding privileges for a period of time determined by the school's administration. Continual misbehavior on the bus may result in permanent revocation of bus riding privileges.

Elementary and Middle School students may not ride the same school bus. There are no exceptions to this rule for siblings and relatives. Authorization will be reviewed if an emergency issue arises.

### **CHARTER SCHOOL OF NEW CASTLE POLICY ON SUICIDE & PREVENTION**

Charter School of New Castle recognizes the serious problem of youth suicide and acknowledges that providing this policy for schools and districts related to youth suicide recognition and prevention is very important. CSNC also acknowledge that youth suicide is a complex issue which cannot be addressed by the schools alone. This Suicide Prevention Policy (“Policy”) meets the requirements of 14 Del. C. §4124, relative to Suicide Prevention. The following procedures for communication between school staff members and healthcare professionals who are involved in treating students for self-harm, suicide attempt or threatening of either shall be followed:

1. CSNC’s process is to immediately report any student thought to be demonstrating the warning signs of suicide to the school nurse, school counselor, or Executive Director. This may be done verbally initially; however, a written record of the report shall be prepared. A school employee, school volunteer or student is individually immune from a cause of action for damages arising from reporting warning signs of suicide in accordance with these procedures unless that reporting constituted gross negligence and/or reckless, willful or intentional conduct.
2. Healthcare Professionals. The primary contacts at CSNC are identified in Section 1 above. For a student who has not reached the age of 18, Release of Information forms shall be signed by the parent, guardian, or relative caregiver in order for the primary care physician or healthcare professional to communicate with school personnel regarding any treatment of a student. Notwithstanding the foregoing, communications between healthcare professionals and school staff regarding any treatment of a student may occur for any student 14 years or older who has provided consent for voluntary outpatient treatment in accordance with 16 Del. C. § 5003. In accordance with HIPAA and FERPA guidelines, releases shall be signed before communication may take place. Communications without signed releases in emergency situation may occur in accordance with HIPPA and FERPA regulations and guidelines.
3. If a parent refuses to sign a release form at school, the school will review this policy with them, explaining the reasons the release would be advantageous to the student.
4. After confirmation that a student has been involved in a suicide ideation or suicidal behavior, the student shall be evaluated by a licensed healthcare professional or a non-licensed healthcare professional working under the supervision of a licensed healthcare professional.
5. The recommendations from the healthcare evaluation which are pertinent to managing the student’s risk in school shall be shared at a meeting between the student, parent/guardian, school nurse, school counselor or Executive Director prior to the student’s return to school. Recommendations will be shared with school personnel who are responsible for their implementation.

## **APPENDIX C**

### **CHARTER SCHOOL OF NEW CASTLE BULLYING PREVENTION POLICY**

Charter School of New Castle recognizes that a safe learning environment is necessary for students to learn and achieve high academic standards. Charter School of New Castle strives to provide a safe learning environment for all students and employees.

#### **I. Prohibition of Bullying**

*To further these goals and as required by 14 Del. C. § 4112D, Charter School of New Castle hereby prohibits the bullying of any person on school property, at school functions, or by use of data or computer software that is accessed through a computer, computer system, computer network or other electronic technology of a school district or charter school from grades kindergarten through grade twelve. Charter School of New Castle further prohibits reprisal, retaliation, or false accusations against a target, witness, or one with reliable information about an act of bullying.*

- A. "School function" includes any field trip or any officially sponsored public or charter school event in the State.
- B. "School property" means any building, structure, athletic field, sports stadium, or real property that is owned, operated, leased or rented by any public school district or charter school including, but not limited to, any kindergarten, elementary, secondary, or vocational-technical school or charter school, or any motor vehicle owned, operated, leased, rented or subcontracted by any public school or charter school.

#### **II. Definition of Bullying**

*As used in this policy, bullying means any intentional written, electronic, verbal, or physical act against a student, school volunteer, or school employee that a reasonable person, under the circumstances, should know will have the effect of:*

- A. Placing a student, school volunteer, or school employee in reasonable fear of substantial harm to his or her emotional or physical well-being or substantial damage to his or her property; or
- B. Creating a hostile, threatening, humiliating, or abusive educational environment due to the pervasiveness or persistence of actions or due to a power differential between the bully and the target; or
- C. Interfering with the safe school environment that is necessary to facilitate educational performance, opportunities, or benefits; or

- D. Perpetuating bullying by inciting, soliciting, or coercing an individual or group to demean, dehumanize, embarrass, or cause emotional, psychological, or physical harm to another student, school volunteer, or school employee.

Bullying is usually defined as involving repeated acts of aggression that aim to dominate another person by causing pain, fear, or embarrassment. However, one act alone may constitute bullying if the requisite intent and effect set forth in the definition are met. Bullying may be perpetuated by an individual or a group. It may be direct or indirect. Although a person may be repeatedly bullied, a different person might be doing the bullying each time, which may make it difficult to recognize that bullying is occurring. An act is intentional if it is the person's conscious objective to engage in conduct of that nature. The actions listed below are some examples of intentional actions which may be bullying, depending on their reasonably foreseeable effect:

**Physical bullying:** Pushing, shoving, kicking, destroying property, tripping, punching, tearing clothes, pushing books from someone's hands, shooting/throwing objects at someone, gesturing, etc.

**Verbal bullying:** Name calling, insulting, making offensive comments, using offensive language, mimicking, imitating, teasing, laughing at someone's mistakes, using unwelcome nicknames, threatening.

**Relational Bullying:** Isolation of an individual from his or her peer group, spreading rumors.

**Cyber-bullying:** Bullying by using information and communication technologies. Cyber-bullying may include but is not limited to:

- A. Denigration: spreading information or pictures to embarrass.
- B. Flaming: heated argument online that includes making rude, insulting, or vulgar remarks.
- C. Exclusion: isolating an individual from his or her peer group.
- D. Impersonation: Using someone else's screen name and pretending to be that person.
- E. Outing or Trickery: forwarding information or pictures meant to be private.

**Sexual Bullying:** Unwanted touch of a sexual nature, unwanted talking about private parts, unwanted comments about the target's sexuality or sexual activities.

This list is used for example only, and is by no means exhaustive. These actions become bullying if they meet the definition with regard to intent and reasonably foreseeable effect. This policy is not intended to prohibit expression of religious, philosophical or political views, provided that the expression does not substantially disrupt the education environment. Similar behaviors that do not rise to the level of bullying nonetheless may be prohibited by other school policies and classroom or program rules.

### **III. School-wide Bullying Prevention Program**

*Charter School of New Castle is committed to supporting a school-wide bullying prevention program.*

- A. Charter School of New Castle will strive to meet these goals:
1. Reduce existing bullying problems among students.
  2. Prevent development of new bullying problems.
  3. Achieve better peer relations and staff-student connections at school.
- B. The school-wide program will consist of the following components:
1. All school staff will to strive to:
    - a) Treat others with warmth, positive interest and involvement.
    - b) Set firm limits for unacceptable behavior.
    - c) Apply nonphysical, non-hostile negative consequences when rules are broken.
    - d) Act as authorities and positive role models.
    - e) Solve bullying problems in a consistent manner across all grade levels and all school locations.
  2. A Climate Team will be created.
  3. The school's supervisory system in non-classroom areas will be reviewed.
  4. The following principles will apply to everyone on school property or at a school function:
    - a) I will not bully others.
    - b) I will try to help anyone that I suspect is being bullied.
    - c) I will try to include students who are left out.
    - d) If someone is being bullied, I will tell an adult.
    - e) The school-wide program may also include a school kick-off event, committee and staff trainings, school-wide questionnaires, staff discussion group meetings, and programs to involve parents, as determined by the Climate Team.
  5. Possible classroom level components, if recommended by the Climate Team include:
    - a) Posting and enforcing principles against bullying in the classroom, and daily morning meetings
    - b) Regular, ongoing class meetings, discussions, or role playing activities.
    - c) Involving parents in bullying prevention.
    - d) Finding creative ways to incorporate anti-bullying concepts in to the regular curriculum.
  6. Individual Level Components include:

  - c) Involving community members in the Bullying Prevention Program.

#### **IV. Investigative Procedures**

- A. *The school will utilize the following procedure for promptly investigating and determining whether bullying has occurred.*
1. All complaints must be appropriately investigated and handled consistently with due process requirements.
  2. Neither a complainant nor witnesses should be promised confidentiality at the onset of an investigation. It cannot be predicted what will be discovered or what kind of hearing may result. However, efforts should be made to increase the confidence and trust of the person making the complaint. Whenever practical, the investigating person will make efforts to document the bullying from several sources. This prevents the bully, when confronted, from assuming that the victim is the complainant. Student victims may have a parent or trusted adult with them, if requested, during any investigatory activities.
  3. After receiving notice of the suspected bullying, either through a short form, an incident report, or an anonymous or other written complaint, the designated person will review the complaint in conjunction with any other related complaints. Reasonable steps will then be taken by the designated person to verify the information and to determine whether the information would lead a reasonable person to suspect that a person has been a victim of bullying.
  4. Once the administrator has confirmed that a person has been the victim of bullying, the administrator will take prompt investigatory steps to determine who committed the acts of bullying and whether others played a role in perpetuating the bullying. The administrator will avoid forewarning the student suspects, and will interview suspects separately and in rapid succession.
  5. After identifying those who committed the act or acts of bullying, the administrator will apply disciplinary action, consistent with due process rights, and the range of

consequences identified herein. The person who engaged in bullying will be informed that escalating consequences will occur if the bullying continues.

6. The administrator will keep a written record of the bullying incident, and any disciplinary actions taken. The administrator will keep any written statements of those committing the bullying, victims, and witnesses. Discussions with all parties should be documented as soon as possible after the events. The school will not destroy or discard any material records or evidence while a criminal investigation or prosecution relating to the incident is ongoing.
  7. A follow-up will be completed two weeks later to determine whether the bullying has continued and whether additional consequences are needed. An additional follow-up will occur in two months, regardless of whether new incidents have been reported.
  8. Each confirmed incident must be recorded in the School Register of Bullying Incidents.
- B. *All confirmed bullying incidents must be reported to the Department of Education by an Executive Director or designee within five (5) working days pursuant to Department of Education regulation.*
- C. The administrator should be aware that some acts of bullying may also be crimes which under the School Crime Reporting Law (14 Del. C. § 4112) are required to be reported to the police and /or the Department of Education.

## **VI. Reporting Procedures**

- A. The procedure for providing information on bullying activity to a student, parent, guardian, or relative caregiver pursuant to § 202(f) of Title 14 will be as follows:

Easy to use follow-up forms will be made available.

## **VII. Anonymous Reports**

Formal disciplinary action solely based on an anonymous report is not permitted. Independent verification of the anonymous report is necessary for any disciplinary action to be applied.

## **X. Procedure to Communicate with Medical and Mental Health Professionals.**

- A. The following procedures for communication between school staff members and medical professionals who are involved in treating students for bullying issues must be followed:
  - 1. Pediatricians/Primary Care Physicians and Mental Health Professionals are important links in the overall wellness of the whole child. The ability to communicate appropriately to identify the optimal health care needs of the child is necessary when issues at school impact the physical and emotional health of the child. This is especially true in regard to bullying due to the social nature of the problem. Release of information forms must be signed by the parent, guardian, or relative caregiver pursuant to 14 Del. C. § 202(f) to permit the primary care physician or mental health professional to communicate with school personnel regarding any treatment of a child. Releases should be signed both to the school and the physician's or mental health professional's office before communication may take place, as required by HIPPA and FERPA guidelines.

    - a. Require that return to school will be contingent upon a clinical evaluation that includes recommendations and a treatment plan, if deemed appropriate by the clinician.
    - b. Require that the student remain in in-school suspension and that return to his/her regular class schedule will be contingent upon a clinical evaluation that includes recommendations and a treatment plan, if deemed appropriate by the clinician.
  4. Summary of this evaluation shall be shared at a meeting with student, parent/guardian, and school administrator(s) or designee prior to the student's return to school or the general population.
- B. Emergency evaluations can be obtained through Christiana Care Health Services Emergency Center at Christiana or Wilmington Hospital (302)733-1000, the Rockford Center (866)847-4357. Crisis services are also available through Child Mental Health, State of Delaware 24-hour hot line (302)633-5128. Non-emergency services can be obtained through Children and Families First (800)734-2388, Catholic Charities (302)655-9624, and Delaware Guidance (302)652-3948 in New Castle County or by having a parent contact their medical insurance for recommended providers in their area.

## **XV. Other Defenses**

- A. The physical location or time of access of a technology-related bullying incident is not a valid defense in any disciplinary action by the school district or charter school initiated under this policy, provided there is sufficient nexus to the school.
- B. This section does not apply to any person who uses data or computer software that is accessed through a computer, computer system, computer network or other electronic technology when acting within the scope of his or her lawful employment or investigation of a violation of this policy in accordance with school district or charter school policy.

## **XVI. Relationship to School Crime Reporting Law**

*An incident may meet the definition of bullying and also the definition of a particular crime under State or federal law. Nothing in this policy shall prevent school officials from fulfilling all of the reporting requirements of section 4112, Title 14 of the Delaware Code, or from reporting probable crimes that occur on school property or at a school function that are not required to be reported under that section. Nothing in this section shall abrogate the reporting requirements for child abuse or sexual abuse set forth in Chapter 9 of Title 16 of the Delaware Code, or any other reporting requirement under State or Federal law.*
