Strive for Excellence

Dear Families,

When the inclement weather season is upon us, our leadership team understands that our decision to open or close schools in bad weather impacts our families. Our ultimate goal is for students to be in school as much as possible. Please know that our top priority is the safety and welfare of our students.

In the event that we must be closed we will post the closing on the school website, we will send text and email alerts, and we will also post the closing on all major Philadelphia major networks And on local radio.

Weather conditions may worsen during the day after children arrived at school. If early dismissal is necessary, parents will be notified by email. We will also send alerts via text message through School Reach. If school is dismissed early due to inclement weather, the After Care Program will NOT operate.

It is vitally important that we have your current emergency contact information. If possible please include home, cell, and work phone numbers for our School Reach System. We do not want anyone to miss the notifications. Please take the time to update your information if needed.

Thank you for your assistance with updating your contact information. It is greatly appreciated.

Sincerely,

Mrs. Kathleen Connor
Mrs. Amy Novosel
